Education of Young Children

PennAEYC is seeking nominations for the 2020 VOICE for Children Award

The Pennsylvania Association for the Education of Young Children recognizes the critical role advocacy plays in high quality early learning settings and celebrates those who speak on behalf of Pennsylvania's children. As the voice for early care and learning, community advocates play an important role in assuring all Pennsylvania's children get the start that they deserve in school and in life.

The VOICE for Children Award is the only statewide award in Pennsylvania recognizing early care and education professionals, who are not paid advocates, that go above and beyond their daily work in the field by being grassroots leaders through advocacy and public policy efforts. Now in its **10th** year, the VOICE Award celebrates not only individual award recipients, but the early childhood profession.

Do you know an outstanding early childhood professional who is raising their voice to make a difference in the lives of young children and families through advocacy? PennAEYC is asking you to nominate qualified individuals to be recognized for their contributions.

The winner will be honored at the VOICE for Children Award Reception and Dinner in spring 2020!

Nominations must be submitted no later than December 2, 2019.
