The purpose of the VOICE for Children award is to honor early care and education professionals, who are not paid advocates, that go above and beyond their daily work by being grassroots leaders through advocacy and public policy efforts. PennAEYC also presents distinguished career and vision (those employed outside the early care and education field, but who advocate for the cause) awards. If you are interested in providing input on nominees of the latter two awards, please contact PennAEYC staff and do not fill out the form.
