

## Jeanette Yewdall Quality Care ECE Scholarship

The Jeanette Yewdall Quality Care ECE Scholarship Fund was established in 2021 in memory of Jeanette Yewdall, a longtime leader of the Lebanon Chapter of PennAEYC. Jeanette served the early childhood community tirelessly to ensure all children have high-quality early learning experiences. The scholarship is designed to support quality improvement in programs located within Lebanon County.

Cornwall Children's Center in Lebanon received \$500 to purchase climbers and slides for outside that were large enough to accommodate preschoolers, yet safe for toddlers as well. They had recently purchased their own building, so this new equipment helped to increase the play space and quality for children.

Ann Rider and her family child care home in Lebanon (pictured below) received \$360 to make her reading area more comfortable. She wanted to give the kids a special place to sit with cozy chairs that provide flexible seating.

Congratulations to Cornwall Children's Center and Ann Rider along with the families and children they serve. Jeanette would be thrilled to see the improvements!
